DOCTOR'S NAME

and whomever he/she may designate as his/her assistants, to perform upon me the following operation and/or procedures:

Dentistry

I request and authorize him/her to do whatever he/she deems advisable if any unforeseen condition arises in the course of these designated operations and/or procedures calling, in their judgment, for procedures in addition to or different from those now contemplated.

I consent to the above treatment after having been advised of the risks, advantages and disadvantages of the treatments and the consequences if this treatment were withheld.

I consent to the above treatment plan after having been advised of the alternate plans of treatment available and the known material risks, advantages and disadvantages of the alternative treatment.

I further consent to the administration of local or general anesthesia, antibiotics, analgesics or any other drugs that may be deemed necessary in my case, and understand that there is a slight element of risk inherent in the administration of any drug or anesthesia. This risk includes adverse drug response (e.g., allergic reaction), cardiac arrest, and aspiration, and thrombophlebitis (e.g., irritation and swelling of a vein), pain, discoloration and injury to blood vessels and nerves which may be caused by injections of any medications or drugs.

I am informed and fully understand that inherent in any type of surgery are certain unavoidable complications. In oral surgery, the most common of these complications include post-operative bleeding, swelling, or bruising, discomfort, stiff jaws, loss or loosening of dental restorations. Less common complications can include infection, loss or injury to adjacent teeth and soft tissues, nerve disturbances (e.g., numbness in mouth and lip tissues), jaw fractures, sinus exposure and swallowing or aspiration of teeth and restorations, and small root fragments remaining in the jaw which might require extensive surgery for removal.

I realize that in spite of the possible complications and risks, my contemplated surgery/treatment is necessary and desired by me. I have provided as accurate and complete a medical and personal history as possible including those antibiotics, drugs, medications and foods to which I am allergic. I will follow any and all instructions as explained and directed to me and permit prescribed diagnostic procedures.

I have had the opportunity to ask questions and receive answers to and responsive explanations for, all questions about my medical condition, contemplated and alternative treatment and procedures, and the risk and potential complications of the contemplated and alternative treatments and procedures, prior to signing this form.
